

# Evergreen 2.9 Upgrade January 2016 Testing Sign-Off Sheet

- Our library participated in testing for this upgrade.**
  - We provided feedback to the PINES staff through the testing checklists and bug reporting page provided.
  - We understand that software testing does not guarantee that all issues will be caught and resolved prior to the upgrade.
  - We tested the following areas:
    - Cataloging
    - Circulation
    - Kid's Catalog
    - Local Admin
    - OPAC
    - Web Client
    - Peripheral Devices (Printers, Scanners, etc.)
    - SIP / Third Party Connections (OverDrive, PC Reservation, etc.)
  
- Our library has declined testing for this upgrade.**
  - We understand that because we have declined testing, we are at greater risk for issues on the go-live date.
