

PINES Executive Committee Meeting
January 9, 2019; 2-2:15pm
Online Meeting via Google Meet

Present: Geri Mullis, Chair, Lecia Eubanks, Miguel Vicente, Natalie Marshall, Stacy Brown, Stephen Houser

Elizabeth thanked the committee for attending this special session for the PINES Executive Committee. The PINES team was hoping to roll out this feature during the next software upgrade and wanted to get it in before the May meeting.

Terran presented the proposal. (see attached)

Should library staff be able to place multiple holds on a single title in one step for book club purposes?

Stephen made a motion to accept the proposal. Stacy seconded it. All in favor. None opposed. Motion carried.

Which staff permission groups should be allowed to use this feature?

The committee decided that all staff profiles should have permissions to use this feature.

If this feature is enabled, how many holds should staff be allowed to place at once for a book club?

The committee opted to allow a maximum of 20 holds.
